*Gender, Race, Class and Migration:*

11:30 am - 1 pm

## Cross-sectoral Strategies to Address Root Causes and Consequences of Women's Mobility

This will be an interactive session, exploring the possibilities for building trans-national, cross-sectoral alliances among women in resistance. We seek to spotlight the particular concerns of women in migration while linking to other movements. Our approach explores broader concerns about conflict; flawed economic and development policies; inequality; and climate change that are at the root of massive global mobility.

### Join participants from:

- Alianza Americas
- Comisi3n Argentina para los Refugiados y Migrantes (CAREF)
- International Trade Union Confederation (ITUC)
- Otrans La Plata
- Global Alliance Against Trafficking in Women (GAATW)
